Reurlet 3/30/65 enclosing copies of the 2/65 monthly intelligence summary prepared by your office for dissemination to local intelligence agencies.

Relet advised that your office is disseminating to local intelligence agencies a monthly intelligence summary which contains negative information relating to the activities of the Communist Party, USA (CPUSA) in the State of New Mexico and the West Texas area.

The dissemination of negative information as noted in your monthly intelligence summary is a very undesirable practice which could obviously lead to embarrassment in the event there is some type of CPUSA activity taking place of which your office is not aware.

In view of the foregoing, your office is instructed to immediately discontinue dissemination of your monthly intelligence summary which contains negative information relating to the CPUSA. In the event your office receives positive information relating to CPUSA activities, a report or letterhead memorandum should be prepared for dissemination.

Enclosed for the Bureau and AQ are 2 copies and 1 copy, respectively, of EP's current Monthly Intelligence Summary.

Since 1/7/49, as set out in referenced EP lets to Bu, 12/22 and 12/28/48, the EP Office has been disseminating a "Summary of Domestic Intelligence for New Mexico and West Texas", it being noted that the EP Division included West Texas and all of New Mexico until 12/49, when the AQ Division was formed. With the formation of the AQ Division, AQ has furnished EP with a monthly rough draft of info for inclusion in the Monthly Intelligence Summary.

These Monthly Intelligence Summaries contain synopses of pertinent CP, USA info for West Texas and New Mexico set out under the following captions:

EP recommends the continuation of the Monthly Intelligence Summary in order that EP can properly carry out the Bureau's dissemination responsibility to the Military. This Intelligence Summary does not represent a duplication of effort because the majority of the info is info indicating the lack of CP, USA organization or activity in N. Mexico and West Texas which is regularly reported by letter to the Bureau, but is not disseminated to the Military.

The Intelligence agencies in this area have specifically indicated that the information contained in the Monthly Intelligence Summary reporting no Communist activity in the West Texas, New Mexico area is helpful and important to them. In addition, by furnishing these Intelligence Agencies with what they want, makes for better relations among the Security groups.

UACB EP will continue to disseminate the Monthly Intelligence Summary to the interested Intelligence Agencies and copies will not be forwarded to the Bureau, pursuant to authority obtained by EP in referenced EP let to Bu, 12/28/58. It should be noted that all positive info included in these

EP 94-36

Monthly Intelligence Summaries is forwarded to the Bureau under the individual case caption in a form suitable for dissemination and the negative information is forwarded to the Bureau in letter form, pursuant to Bureau instructions.
